

What We Offer

At Gifted Hands, we provide compassionate, person-centered staffing solutions and in-home care services designed around the unique needs of every individual and organization we serve.

Staffing

Our staffing firm delivers skilled, dependable healthcare professionals—including RNs, RPNs, PSWs, and UCPs—who are committed to excellence, cultural humility, and holistic care. We partner with hospitals, long-term care homes, and community health programs to ensure continuity of care with heart.

Home Care

Our home care services bring personalized, person centered support into the comfort of your home. Whether it's post-hospital recovery, elder care, or daily living assistance, we provide care that empowers, comforts, and uplifts—because every life deserves to be treated with dignity, respect, and compassion.

About

Founded by Nurse Karita Francis in 2016, Gifted Hands Health Services provides compassionate staffing and home care rooted in dignity, purpose, and excellence. We serve over 35 healthcare organizations with skilled professionals and personalized in-home support—always focused on the whole person, not just their condition. Outstanding company to work with. This is my second year [PSW] with them, and I have been kindly supported every step of the way. They keep you busy and I love their push towards further developments and work locations. All support staff are kind, efficient and professional. I am so thankful they found me.
